

# **MUTHURANGAM GOVERNMENT ARTS COLLEGE (AUTONOMOUS)**

**VELLORE- 632 002**

## **ACTION TAKEN REPORT**

The Commendation was high, good and had a positive response in the feedback given by the students, Alumni and the Parents on the institution and the faculty members. It was analysed by the various components in the feedback forms. The staffs were acknowledged for their motivational approaches, Communication Skills, Completion and of Syllabus Coverage, Subject Knowledge, student evaluations and for their conceptual clarity.

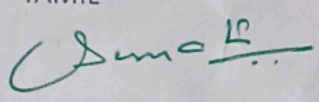

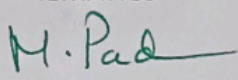

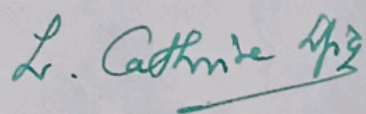

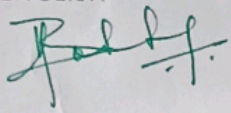

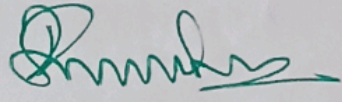

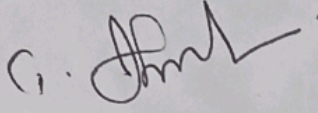

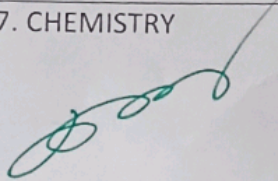

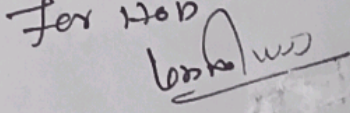

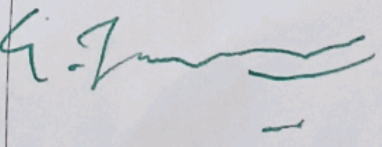

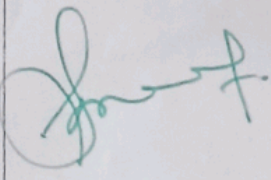

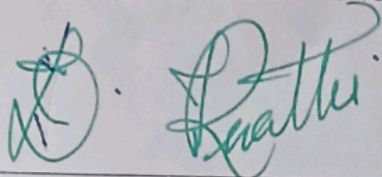

The infrastructural challenges faced by the government institution was stated as dissatisfactory by some students in their feedback. This was attempted by the Heads of the Departments and was commenced in the council Meet. Discussions were made in the Council Meet to explore the needs of the student requirement.

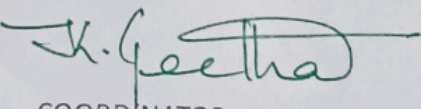

Students were concerned about the declaration of results as the number of days taken was more. A considerable percentage (27.7%) of the respondents felt that the results could be declared within a short span of 2 weeks of the conduct of the examination. This was discussed in the IQAC meeting and the Controller's office was requested to expedite the process. Installation of EMS (Examination Management Software) has expedited the result declaration process and it was just nine days, currently as against the two weeks' time taken earlier.

Students feedback evinced that the IT skills of the faculty members required improvisation as it had received least scores i.e., 44.12% compared to all other variables. This was discussed in IQAC meetings and Heads of all the Departments recommended for a FDP to be conducted for the faculty members of their respective disciplines.

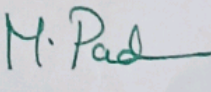

Faculty members of the institution had enrolled for the workshops and webinars on ICT organized by The Higher Education Department and many other training institutes, which cater to the need of the students in the above aspect.

COLLEGE COUNCIL MEMBERS

1. TAMIL 	5. MATHEMATICS 	9. ZOOLOGY 
2. ENGLISH 	6. PHYSICS 	10. COMMERCE 
3. HISTORY 	7. CHEMISTRY 	11. BUSINESS ADMINISTRATION For 1200
